

Building High-Performing Government Teams Training Course

Professional Development Training Course Outline

Category	Public Sector Innovation	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Effective government teams are critical to delivering public services efficiently, implementing policy objectives, and achieving citizen-centric outcomes. High-performing teams in public sector organizations drive productivity, innovation, and accountability while fostering a collaborative and inclusive work environment. Building High-Performing Government Teams Training Course equips government leaders, managers, and team members with the knowledge, tools, and frameworks required to build and sustain high-performing teams. Participants will learn strategies for enhancing communication, collaboration, trust, and performance measurement while aligning team objectives with organizational goals and national priorities.

The course emphasizes practical approaches to team leadership, conflict resolution, performance management, and capacity development. Participants will explore case studies, experiential exercises, and team-based simulations to strengthen problem-solving, decision-making, and innovation within government organizations. By the end of the training, learners will be able to design effective team structures, implement performance-enhancing strategies, and foster a culture of accountability and continuous improvement that maximizes public value.

Programme Curriculum

Building High-Performing Government Teams Training Course

Introduction

Effective government teams are critical to delivering public services efficiently, implementing policy objectives, and achieving citizen-centric outcomes. High-performing teams in public sector organizations drive productivity, innovation, and accountability while fostering a collaborative and inclusive work environment. Building High-

Performing Government Teams Training Course equips government leaders, managers, and team members with the knowledge, tools, and frameworks required to build and sustain high-performing teams. Participants will learn strategies for enhancing communication, collaboration, trust, and performance measurement while aligning team objectives with organizational goals and national priorities.

The course emphasizes practical approaches to team leadership, conflict resolution, performance management, and capacity development. Participants will explore case studies, experiential exercises, and team-based simulations to strengthen problem-solving, decision-making, and innovation within government organizations. By the end of the training, learners will be able to design effective team structures, implement performance-enhancing strategies, and foster a culture of accountability and continuous improvement that maximizes public value.

Course Objectives
