

Employee Benefits and Group Health Insurance Training Course

Professional Development Training Course Outline

Category	Insurance	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today's fast-evolving workplace, employee benefits and group health insurance have become powerful tools in attracting and retaining top talent. Understanding the complexities of insurance plans, compliance regulations, cost management, and employee wellness programs is critical for HR professionals, benefits coordinators, and decision-makers. Training Course on Employee Benefits and Group Health Insurance offers in-depth knowledge of employee benefit strategies, group health insurance plans, and emerging trends in the benefits landscape.

With rising healthcare costs and a competitive job market, organizations must be equipped to provide cost-effective, compliant, and appealing benefits packages. This course empowers participants with the skills to design, implement, and manage robust employee benefit programs while addressing challenges such as regulatory compliance, employee education, and risk mitigation.

Programme Curriculum

Employee Benefits and Group Health Insurance Training Course

Introduction:

In today's fast-evolving workplace, employee benefits and group health insurance have become powerful tools in attracting and retaining top talent. Understanding the complexities of insurance plans, compliance regulations, cost management, and employee wellness programs is critical for HR professionals, benefits coordinators, and decision-makers. Employee Benefits and Group Health Insurance Training Course offers in-depth knowledge of employee benefit strategies, group health insurance plans, and emerging trends in the benefits landscape.

With rising healthcare costs and a competitive job market, organizations must be equipped to provide cost-effective, compliant, and appealing benefits packages. This course empowers participants with the skills to design, implement, and manage robust employee benefit programs while addressing challenges such as regulatory compliance, employee

education, and risk mitigation.

Course Objectives

1. Understand the fundamentals of employee benefits administration.
2. Explore group health insurance plans and their structures.
3. Analyze cost containment strategies for employee healthcare.
4. Evaluate regulatory compliance, including ACA, HIPAA, and COBRA.
5. Identify emerging trends in healthcare benefits and voluntary benefits.
6. Develop strategies for employee wellness programs.
7. Understand the impact of telehealth and digital health in benefit plans.
8. Assess retirement plans integration and coordination with insurance.
9. Manage vendor selection and third-party administrators (TPAs).
10. Improve employee communication regarding benefits options.
11. Create inclusive benefits for diverse and remote workforces.
12. Understand mental health benefits and their ROI.
13. Use data analytics to optimize benefits performance and satisfaction.

Target Audience:

1. Human Resource Managers
2. Benefits and Compensation Coordinators
3. Payroll Administrators
4. Insurance Brokers and Consultants
5. Small Business Owners
6. Financial Planners
7. Corporate Wellness Program Managers
8. Legal Compliance Officers

Course Duration: 5 days
