

Narrative Inquiry and Discourse Analysis Techniques Training Course

Professional Development Training Course Outline

Category	Research and Data Analysis	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today’s dynamic research landscape, Narrative Inquiry and Discourse Analysis Techniques have emerged as critical tools for unpacking complex social realities, interpreting human experiences, and understanding cultural narratives across various contexts. Narrative Inquiry and Discourse Analysis Techniques Training Course empowers researchers, educators, policy analysts, and communication experts to harness the power of storytelling, language patterns, and discourse structures to reveal hidden meanings, power dynamics, and social constructs. By integrating qualitative research methodologies, critical discourse analysis, and thematic narrative strategies, participants will gain the expertise to conduct in-depth analysis of texts, interviews, media content, and social conversations.

This course offers a comprehensive, hands-on approach to mastering qualitative data analysis, narrative methods, discourse analysis frameworks, and interpretive research paradigms. Through interactive sessions, practical case studies, and analytical tools, participants will develop advanced skills in crafting research narratives, decoding societal discourses, and contributing to scholarly and applied research. Whether in academia, policy development, media studies, or organizational research, mastering these methodologies is essential for generating impactful insights and influencing knowledge production.
