

PPP Bid Evaluation Techniques Training Course

Professional Development Training Course Outline

Category	General Training	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Public-Private Partnerships bid evaluation is a critical component of transparent, competitive infrastructure procurement and successful project delivery. Public-Private Partnerships Bid Evaluation Techniques Training Course provides practical expertise in bid assessment, tender evaluation, technical and financial scoring, compliance verification, risk analysis, value-for-money assessment, and procurement governance. Participants will develop advanced capabilities to evaluate complex Public-Private Partnerships proposals against clearly defined evaluation criteria while maintaining fairness, consistency, accountability, transparency, and alignment with public-sector objectives.

The course focuses on modern Public-Private Partnerships procurement practices, bid evaluation frameworks, quality-price assessment, financial modelling, commercial evaluation, lifecycle costing, risk-adjusted analysis, negotiation readiness, and decision-making. Through practical exercises and global case studies, participants will learn to identify responsive bids, assess bidder capability, detect evaluation weaknesses, manage conflicts of interest, document evaluation decisions, and support defensible Public-Private Partnerships award recommendations.

Programme Curriculum

Public-Private Partnerships Bid Evaluation Techniques Training Course

Introduction

Public-Private Partnerships bid evaluation is a critical component of transparent, competitive infrastructure procurement and successful project delivery. Public-Private Partnerships Bid Evaluation Techniques Training Course provides practical expertise in bid assessment, tender evaluation, technical and financial scoring, compliance verification, risk analysis, value-for-money assessment, and procurement governance. Participants will develop advanced capabilities to evaluate complex Public-Private Partnerships proposals against clearly defined evaluation criteria while maintaining fairness, consistency, accountability, transparency, and alignment

with public-sector objectives.

The course focuses on modern Public-Private Partnerships procurement practices, bid evaluation frameworks, quality-price assessment, financial modelling, commercial evaluation, lifecycle costing, risk-adjusted analysis, negotiation readiness, and decision-making. Through practical exercises and global case studies, participants will learn to identify responsive bids, assess bidder capability, detect evaluation weaknesses, manage conflicts of interest, document evaluation decisions, and support defensible Public-Private Partnerships award recommendations.

Course Objectives

By the end of the course, participants will be able to:

1. Apply international Public-Private Partnerships bid evaluation principles and procurement standards.
2. Develop robust and transparent Public-Private Partnerships evaluation frameworks.
3. Establish appropriate technical, financial, and commercial evaluation criteria.
4. Assess bidder eligibility, responsiveness, and compliance requirements.
5. Apply weighted scoring and quality-price evaluation techniques.
6. Evaluate financial models, assumptions, and affordability.
7. Conduct value-for-money and lifecycle cost assessments.
8. Identify and evaluate project risks and risk allocation.
9. Detect inconsistencies, unrealistic assumptions, and bid anomalies.
10. Strengthen evaluation committee governance and decision-making.
11. Document evaluation findings and award recommendations.
12. Manage confidentiality, conflicts of interest, and procurement integrity.
13. Apply international best practices to complex Public-Private Partnerships bid evaluations.

Organizational Benefits

- Improved procurement transparency and accountability
- Stronger value-for-money outcomes
- More consistent and objective bid evaluations
- Reduced procurement and project risks
- Better financial and commercial decision-making
- Stronger audit and compliance readiness
- Improved evaluation committee capabilities
- More defensible Public-Private Partnerships award decisions

Target Audiences

1. Public-Private Partnerships unit professionals and infrastructure specialists
2. Procurement and tender evaluation officers
3. Government ministries and public-sector officials
4. Project finance and investment professionals
5. Legal, commercial, and contract specialists
6. Engineering and technical evaluation teams
7. Consultants and transaction advisers

8. Private-sector Public-Private Partnerships bidders and concession professionals

Course Duration: 5 days
