

Vendor Management and Contract Negotiation for ERP Training Course

Professional Development Training Course Outline

Category	Enterprise Resource Planning (ERP)	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Vendor management and contract negotiation are critical elements for any successful enterprise resource planning (ERP) implementation. In today's highly competitive business environment, organizations must not only source the best vendors but also ensure they are equipped with robust contracts that protect their interests while fostering long-term, strategic relationships. Vendor Management and Contract Negotiation for ERP Training Course aims to equip professionals with the necessary skills to manage vendors efficiently and negotiate favorable contracts. The course will focus on optimizing vendor selection, establishing clear terms, and effectively managing contracts to enhance ERP performance and mitigate risks.

By the end of this training, participants will have a comprehensive understanding of the full vendor lifecycle, from initial selection to ongoing relationship management, and will be empowered to negotiate contracts that align with business goals and regulatory requirements. Key topics such as contract structuring, negotiation tactics, and vendor performance monitoring will be discussed, with a focus on real-world case studies to provide practical insights. Whether you're involved in procurement, project management, or IT services, this training will elevate your expertise in ERP vendor management and contract negotiation.

- Case Study: Successful vendor selection for an ERP implementation at a global retail company
- Real-world examples of poor vendor selection and their consequences

Module 2: Fundamentals of Contract Negotiation

- Key contract terms and conditions in ERP agreements
- Approaches to defining clear deliverables and timelines
- Balancing risk and reward in contract terms
- Case Study: Negotiating contract clauses in a large ERP project
- Strategies for renegotiating contracts during project implementation

Module 3: Developing Service Level Agreements (SLAs)

- Defining performance metrics for ERP vendors
- Structuring SLAs that protect both parties' interests
- Aligning SLAs with business goals and project timelines
- Case Study: SLA effectiveness in ERP systems with a multinational corporation
- Analyzing common SLA pitfalls in ERP contracts

Module 4: Risk Management in Vendor Contracts

- Identifying potential risks in ERP vendor relationships
- Implementing risk mitigation strategies in contracts
- Role of indemnities and warranties in ERP contracts
- Case Study: Mitigating risks through vendor contract clauses in ERP
- Best practices for managing vendor-related risks in an ERP environment

Module 5: Contract Review and Renegotiation

- Techniques for reviewing ERP contracts effectively
- Identifying potential areas for renegotiation
- Handling contract breaches and non-performance
- Case Study: Effective contract renegotiation for an ERP upgrade
- How to maintain strong relationships while renegotiating terms

Module 6: Vendor Performance Monitoring and Reporting

- Establishing KPIs and metrics for vendor performance
- Techniques for regular performance reviews and feedback
- Handling underperforming vendors and corrective actions
- Case Study: Vendor performance management in ERP at a financial institution
- Tools and software for performance tracking in vendor management

Module 7: Legal and Compliance Considerations in ERP Contracts

- Understanding legal risks and requirements in ERP contracts
- International regulations and their impact on contract terms
- Contract enforcement and dispute resolution mechanisms
- Case Study: Navigating legal challenges in cross-border ERP contracts
- Best practices for ensuring compliance in vendor agreements

Module 8: Advanced Negotiation Techniques and Strategies

- Psychological principles in negotiation and conflict resolution
- Advanced strategies for negotiating with large ERP vendors

- Leveraging data and market research in contract negotiations
- Case Study: Leveraging negotiation strategies to reduce ERP implementation costs
- Techniques for overcoming common obstacles in ERP contract negotiations
