

Voice of the Customer (VoC) Program Fundamentals Training Course

Professional Development Training Course Outline

Category	Customer Service and Customer Experience	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today's hyper-competitive business environment, organizations thrive by truly understanding their customers' expectations, sentiments, and experiences. Voice of the Customer (VoC) Program Fundamentals Training Course is a strategic framework designed to capture, analyze, and act upon customer feedback to drive customer-centric innovation, enhance loyalty, and boost business performance. This training equips professionals with practical insights, proven tools, and actionable strategies to implement a robust VoC program, transforming raw customer insights into measurable business outcomes.

The VoC Program Fundamentals course emphasizes a data-driven, actionable approach to capturing the customer journey, identifying pain points, and delivering experience excellence. Participants will gain expertise in leveraging advanced analytics, feedback loops, and cross-functional collaboration to prioritize initiatives that directly impact customer satisfaction, retention, and revenue growth. Through real-world case studies and interactive exercises, learners will develop the skills to build sustainable VoC programs that foster continuous improvement and a customer-first culture.
